CLUB POLICIES / MINIMUM STANDARDS

Senior Leadership Group

Marcus Dehne, Paul Baird, Nigel Nulty, Rob Minchinton, Conrad Dickson, Aaron Healy. Please direct any questions you have regarding the operation of the club to any of these senior players.

Code of Conduct

All players are required to familiarise themselves with both Cricket Gold Coast and our own club Code of Conduct. These are available on our club website and Cricket Gold Coast's website.

Training

All players are expected to train at least once per week (Mon or Thurs). As a minimum standard, to be eligible for selection in 1st or 2nd grade you must attend training once per week. All players must advise their Captain if they are unable to train or have to leave training early.

Team Selection

This year teams will be selected on Monday nights. Players will be advised of their teams at training on Thursdays.

Team Meetings

All players selected to represent the club are required to attend a team-meeting held after training on Thursday selection nights.

Un-availability

Please give your team Captain as much notice as possible if you are unavailable for selection.

Sledging

We understand that a minimal amount of "banter" with our opponents is part of the gamesmanship within cricket. However anything that escalates into the outright sledging of an opponent will not be tolerated and club driven disciplinary action will be instigated against the offender.
